

**SOUTH REGION  
ANNUAL FELLOWSHIP  
APRIL 9-11, 2018**

*This year's meeting is designed to encourage us in two of the most important responsibilities of our lives.*

**Bringing Church Home:** Matching what we preach and learn at church with who we are at home can be very difficult. Sessions will focus on timeless truths from God's word and explore practical concepts of application that will help equip us to be what God desires.

**Helping Church Grow:** The subject of church growth often ends with pastors and church members feeling defeated, discouraged. Often the focus is man-centered and result-driven. Sessions will focus on truths designed by God to govern our ministries, and give practical steps to help us implement those truths.

The intent of this meeting is to uplift your spirit, encourage your heart and challenge your thinking so that you will continue the call of God upon your life with a deeper sense of commitment, contentment and determination.
